and historic features that are located on them. Greenways can also follow along utility and railroad corridors when natural corridors are unavailable to make the trail connection. Most

What is a greenway?

A Greenway is a linked linear corridor of open

space that is planned, designed and managed for many purposes including conservation,

recreation and connectivity. Greenways usually follow natural geographic features such as

floodplains, rivers, streams and ridgelines which

create opportunities to protect, preserve and

link these environments including the cultural

Walnut Creek

TRAIL

use of a car.

greenways include a 10-foot wide asphalt path Technology and the used for recreational activities such as hiking, Capital Area Greenway biking, inline skating, jogging and strolling. These paths can also be used as a means of getting to destination points such as home, work, Please visit parks.raleighnc.gov keyword search Capital Area Greenway System to get the most up to date information. school, parks and shopping centers without the

Greenway System.

> View videos of the greenway so you know before you go.

> Want to view interactive maps of the greenway trails on your computer or mobile device? Check out our KML file or use iMaps! Got a smart phone? Use this Quick Response Code to get the latest information on the Raleigh Parks and Recreation Capital Area

of linear parks located along rivers, creeks and streams that provides the opportunity for recreation and connecting people to Raleigh's parks and other community features. The system has over 117 miles of paved and unpaved trails and over 270 miles of protected stream corridors. The framework of the CAG system includes Walnut Creek, Crabtree Creek and their tributaries to the west of the Neuse River and Richland Creek, Harris Creek and their tributaries to the east of the Neuse River. Many of the city's major ecological features can be experienced in their natural state along these water courses. We invite you to experience this network of interconnected trails whether for recreational use, wildlife viewing, or commuting.

Recreation Department Welcomes You!

Raleigh's Parks and

The purpose of Raleigh Parks and Recreation Department is to actively encourage, provide, promote and protect quality leisure, recreation and cultural opportunities, facilities and environments that are essential for the enhancement of the lives of our citizens.

We would like to invite you to plan a visit to one of our many parks, trails and recreation facilities that make up the Raleigh Parks System. Whether you are planning a family picnic, outdoor adventure or want your children to participate in a unique program with dozens of activities from which to choose, Raleigh Parks and Recreation has the perfect fit for you!

If you are a Raleigh native, just getting settled in, or a visitor, we hope you will take some time to enjoy the wonderful opportunities that await you. We look forward to seeing you in the parks and on the trails!
